

5 Day Cylinder Delivery Program

Part of the **GoTo** Products Focused Delivery Program

This program covers our CDT1 and CDT4 NFPA cylinder products based on the criteria shown below. All NFPA cylinder orders of up to 5 pieces per line item which fall under this program will ship from Bethlehem in **5** business days after receipt of order. The CDT1 and CDT4 program have been expanded to include additional port location, rod end thread, seal material and mounting options.
